PROFESSIONAL SUMMARY

I am a web developer with passion and experience in developing responsive websites. My skills range from Django web design and development, database development, API development (Django REST framework) and problem solving. I look forward to getting an opportunity to work on and improve my problem-solving skills in order to become a more efficient full stack developer.

TECHNICAL SKILLS

- Python, Django web development
- Bootstrap frontend development
- API development (Django REST Framework)
- Version Control Systems (Git and GitHub)
- SQL Databases

EXPERIENCE

IT Intern (Oct 2018 – Dec 2018)

Huduma Centre (Eastleigh)

- Researched technical issues thoroughly to complete accurate repair work.
- Configured office computers to the respective servers.

- Troubleshooting office computers and equipment to keep devices operational.
- Shadowed qualified technical team members to develop maintenance and repair skills.

Polling Clerk (August 2022)

Independent Electoral and Boundaries Commission (IEBC)

- Arrangement and organization of polling stations
- Organization of voters
- Overseeing a smooth running of the elections
- Tallying votes

Business Liaison Officer (February – April 2023)

Goraceit Technologies

- Acting as an intermediary between the prospective clients and the business in terms of system requirements
- Finding potential clients
- Utilizing the Google analytics tools such as Keyword Planner

EDUCATION

Bachelor of Science in Information Technology (Graduated 26th November 2021)

Jomo Kenyatta University of Agriculture and Technology

Second class honors, lower division.
